TITLE

TITLE

Internet Dashboard:
Flood-Tracker

(COMES ON THE PAGE
THEN Fades AFTER 3
seconds)

LEGEND

Minor:

Intense :

Whatcom Floods

Very Servere:

Notes for additions:

When you hover over a location point on the map it gets shifted to the top section.

IMPORTANT:

As seen at the bottom where it says (Title Title) its not expanded. For the top ones when you hover it will expand the two subpoints)

Middle Box needs help:- Let me know if it should be there or your have any ideas.
